6S	96.09
Overall	91.18

On Friday 8th April from 2:30-4:30pm there will be an Easter Fair in school, in association with Friends of Moldgreen where we are raising money for Save the Children- Ukraine Fund. At the fair we will be hosting a shopping experience, including stalls with local traders, a penalty shoot out with Huddersfield Town legend, Andy Booth as well as a variety of Tombolas! There is also going to be a selection of cakes, bakes, sweets and hot drinks.

We need your help! We are asking for voluntary donations of chocolates, teddies and any other tombola prizes. All of these can be dropped off at school from Monday 21st, and anything donated would be greatly appreciated!

Wear Pink/Hat Day for Eden's Army and Shine

Last Thursday we held a charity fundraiser for the Eden's Army and Shine charities. Children and staff wore pink and or a hat in return for a voluntary donation. Everyone really enjoyed wearing pink and a hat, and the day was a huge success! We were able to raise an amazing total of £580! Well done and thank you so much to everyone for helping to raise this brilliant amount.

Team Points so far

Yellow	45
Red	65
Blue	34
Green	65

Important Message

An important message to all parents and carers. Please note that if you are entering the school building for any reason, please enter via the school office where a member of the school office will be able to assist. You must not enter the school building via the top entrance.

Reception

In reception this week we have had some eggs and we have watched them hatch. We had 10 eggs and we have watched 10 chicks hatch. The children (and staff) have been very excited. We get to keep them, watch them grow and look after them for another week.

Science Week In School

This week it has been Science week in our school. Each year group has been involved in different exciting science lessons.

Pre- school have been investigating colours using skittles.

Reception have been busy planting and have also had the excitement of having eggs in an incubator that have started to hatch chicks. They have been learning all about the life cycle of a chick.

Year 1 have been making slime. This is a non-reversible chemical change by combining glue, slime accelerator and bicarbonate of soda. They have observed how much it grew and then compared how far it stretches to an elastic band. Some children measured using a ruler how far their slime stretched.

Please see over the page for some pictures of what the children got up to!

Science Week Pictures

School Spider

A reminder to parents/carers that we are moving on to School Spider for all of our communications, as well as the booking of our after school clubs and our future parents evenings. Please make sure that you have signed up and are ready to use the app. You can find more information on the attached leaflet and if you are having any problems at all then please come to the school office where we can have a look and help!

Star of the Week

Each Friday a child in every class will be named the Star of the Week. The child with the most team points in each class will receive the award. The team points are awarded for a variety of reasons. These could be for positive behaviour, progress in their work and good manners.

Class	Name
RH	Harley
RM	Julia
1GH	Harrison
1W	Dylan
2A	Belle and Amma
2S	Zack
3E	Dean

Class	Name
3J	Noor
4EB	Shae
4SB	Harmony
5M	Suffyan
5S	Ellis
6N	Amber
6S	Lacey
