

Moldgreen Magic

Spring Term, Week 1

Week Ending 8th January 2021

This week has been busy organising home learning, you should have received a pack to support your child. On Monday Purple Mash will be the main remote learning offer, with teachers recording videos and setting work to do. Early Years will continue to use Tapestry. If you have any problems please contact your class teacher or ring the office if you would like to speak to a senior leader.

To help answer any questions you may have about the workings of Purple Mash, we have uploaded several Parent Guides to each year group page on the school website. The guides cover 2Dos, email, managing work and sharing work- we hope that you will find these useful.

Please take a look at the HD5 Covid Mutual Aid Group on Facebook for local information and help.
